Dear Ms. Johnson:

What a joy it was watching you recently work with the eighth graders in our auditorium. I would like to thank you for making such a wonderful, motivating, and instructive presentation to the students.

Through your determination and explanation of tap, your words of advice on following your instincts and dreams, and your description of setting up a dance school, I am confident that students can better appreciate all of these areas. Your presence, enthusiasm, and experience added a dimension to the student's experience which I am sure they will long remember.

Each student who later spoke to me was equally impressed and motivated by you. They enjoyed your remarks and learned from them. Both the school and I appreciate your giving of personal time and talent; we hope that we can call upon you again in the future! We hope you enjoyed the day and received a sense of satisfaction from observing the pleasure of learning that the students derived from your presentation.

Sincerely,

Oscar Scherer  
Principal
